EDUCATION

GL Bajaj Institute Of Technology And Management   Nov 2020-June 2024
B.Tech in Electronic and Communication Engineering   *Current GPA: 7. 2/10.0*
New Lancer Convent School   April 2019-March 2020
12th

SKILLS

Languages: Java, Python, DSA, SQL(MySQL)

Web Development: HTML, CSS, JavaScript, Node.js, React, Mangodb, Express

Tools: Git/GitHub, VS Code

PROJECTS

Personal Portfolio | *Frontend Development* ⌂   August 2023
- Responsive and beautiful website showcasing my personal work and professional achievements
- Experiment with HTML, CSS, JavaScript
- Adaptive for all sizes of screen devices
- Available in light mode as well as dark mode

Confrencing-Video-Site | *Socket.io* ⌂   Nov 2022
- Develop a platform to provide a real calling experience.
- Users can share screen and create a chat rooms and chat in them
- Optimized UX (User Experience) e.g. prioritized sound design, supplied saturation level

LDR Base Sensor   May 2023
- LDR-based sensors can be part of security systems to detect changes in light levels, such as when someone enters a room.
- When light falls on the LDR, its resistance decreases, allowing more current to flow through the circuit. When it's dark, the resistance increases, restricting the flow of current.
- The semiconductor material is carefully grown as a crystal. The quality and purity of the crystal are critical for consistent and reliable performance

EXPERIENCE

Bharat Intern | *Internship(Virtually)*   10 sep 2023 - 10 oct 2023
Web Development: To Design Web Applications and Work on Projects

KAVACH AICTE HACKATHON | *Volunteer, Manager*   August 2023
Interacted with local community and helped them

ACHIEVEMENTS

Apna College : −
Certificate for successful completing the course of DSA with java

CISCO : −

Certificate for Introduction to CyberSecurity and Internet Of Things

Microsoft Learn Student Ambassador : −

Certificate for developing hotstar clone using HTML ,CSS and JAVASCRIPT during bootcamp
